

GENERAL NOTES

1. It shall be the responsibility of the Contractor to clear the right of way in accordance with the provisions of law as it affects each utility including irrigation lines and appurtenances and at no cost to the City.
2. Construction shall be in accordance with the City of Riverside, Department of Public Works, Standard Drawings, and the Standard Specifications for Public Works Construction, 1982 Edition.
3. Location of laterals to be determined in the field at the direction of the Owner. Avoid conflict with proposed and/or existing facilities. RE-INSTALL ALL EXISTING SEWER LATERALS AFFECTED BY SEWER RELOCATION.
4. Contractor is to verify existing sewer elevation prior to construction.
5. The sewer contractor shall adjust manholes to final grade after paving is completed.
6. A plug shall be installed and will remain in place where the new sewer connects with the existing sewer until the new sewer is accepted by the City.
7. The private engineer signing these plans is responsible for the accuracy and acceptability of the work hereon. In the event of discrepancies arising during construction, the private engineer signing the plans shall be responsible for determining an acceptable solution and revising the plans for approval by the City.
8. Contractor is responsible for keeping existing sewer flow in service until new sewer is accepted by the city.
9. Contractor shall not backfill trench until Engineer has obtained As-Built stationing on all structures.
10. The contractor shall call in a location request to Underground Service Alert (U.S.A.), Phone No. 1-800-422-4133, two working days before digging. No construction permit will be issued by the Public Works Department involving excavation for underground facilities unless the applicant has been provided an inquiry identification number by U.S.A.
11. The private engineer preparing these plans shall be responsible for preserving or re-establishing and referencing survey monuments destroyed, disturbed or buried as a result of construction shown hereon.
